Muscles of Mastication

Flash Cards

All Muscles of Mastication are Innervated by?

CN V-3

Mandibular branch of the Trigeminal Nerve

Anatomy Standard

Temporalis

Elevates, Retracts

Origin: Temporal line
Insertion: Coronoid process

Masseter

Elevates

Origin: Zygomatic Arch

Insertion: Lateral surface of the angle and ramus

ANATOMY STANDARD

Medial Pterygoid

Elevates

Origin:

Deep: between pterygoid plates of sphenoid

Superficial: palatine bone and maxillary tuberosity

Insertion: Medial surface of ramus

ANATOMY STANDAR

Lateral Pterygoid

Depresses, Protrudes, Deviates

Origin:

Superior: greater wing of sphenoid

Interior: later pterygoid plate of sphenoid

Insertion: Ptyerygoid fovea (anterior neck of the condyle)
